

## SkyNRG Business Development Analyst

---

For our headquarters in Amsterdam, we are looking for a new member to expand our business development team. SkyNRG is a growth-stage start-up that's on track to make aviation more sustainable by scaling-up sustainable aviation fuels. The Business Development team initiates and executes supply chain development projects around the world. As a member of the team you will have the opportunity to make a lasting impact on these projects. If you're someone with a genuine interest in sustainability who likes to combine technical knowledge with entrepreneurial skills, this could be your dream job! Indicative start date: December 2018.

### Company profile

SkyNRG is the global market leader for sustainable aviation fuel (SAF), having supplied over 25 airlines on all continents worldwide. SkyNRG sources, blends and distributes SAF, guarantees sustainability throughout the supply chain and helps to co-fund the premium. At the same time, SkyNRG focuses on developing regional supply chains that offer a truly sustainable and affordable alternative to fossil fuels. SkyNRG has its operations RSB certified and is structurally advised by an independent Sustainability Board. For more information please check: [www.skynrg.com](http://www.skynrg.com)

### Job profile Business Development Analyst

For our supply chain development initiatives, SkyNRG works together with partners from across the supply chain to commercialize new SAF production pathways. As a business development analyst, you will work closely with the team. You will get the freedom and responsibility to make your own contribution in existing projects as well as the development of new opportunities. You will conduct both technical and economic analysis on SAF production pathways, engage with partners, manage relationships, and work on business plans and commercialization strategies.

### Key criteria

The ideal candidate is somebody who:

- Holds a Master's degree, technical background is preferred but not essential
- Just graduated or maximum two years of work experience
- Has strong analytical skills and is comfortable with technical topics
- Is entrepreneurial
- Is self-motivated, independent and persistent with a can-do mentality
- Has affinity with sustainability
- Has great social skills and likes a start-up environment
- Is willing to travel on a regular basis
- Is fluent in English and Dutch (both written and verbal)

### What we offer you

SkyNRG is offering:

- A unique working experience in a growth stage start-up that's at the forefront of developments in the sustainable aviation fuel space
- An inspiring and international work environment
- A fulltime job in the city center of Amsterdam
- A great opportunity to gain experience in business development
- A competitive salary
- The opportunity to be part of a great team

### Is this you?

If this sounds like you, we would love to hear from you. Please send your resume and cover letter to [careers@skynrg.com](mailto:careers@skynrg.com) before October 5<sup>th</sup>. Questions? Feel free to contact us!
