

We've moved into our new office!

SkyNRG continues to grow and we are excited to announce that our team has moved to a new location in downtown Amsterdam. Our new office is significantly larger and offers a dynamic and inspiring working environment with a great view of the city from our new roof terrace. Within an easy walking distance from Dam Square and the Jordaan, we are located in a lively neighborhood, and one of Amsterdam's most famous canals is right outside our windows!

Our new office address:
Keizersgracht 203 - IV
1016 DS Amsterdam
The Netherlands

Over the past five years, we had great memories in our old office, and we have accomplished large progress in creating the market for sustainable jet fuel. This new location is the start of a new chapter in SkyNRG's story, and we see great things ahead! We look forward to seeing you at our new office!
